COME TO THE OPEN HOUSE AND SHARE YOUR THOUGHTS

We want to hear from you!

The Fall City Metropolitan Park District is pleased to host a community open house to share information and receive comments about the Proposed West Side Trail project.

Working in conjunction with WSDOT and its Pedestrian and Bicycle Safety Program, the FCMPD has begun developing concepts for a multi-use trail to be located within the existing SR 202 (Redmond-Fall City Road) right-of-way.

Many of us in Fall City have seen traffic volumes increase along SR 202 - concerning for our residents, and children who walk along the roadway shoulder from neighborhoods/schools into downtown. To improve safety, the Fall City Metropolitan Park District is in preliminary design of a proposed separated trail to be located on the south side of the SR 202 (SE Redmond Fall City Road).
